COURSE ROOTS OF MEXICO

SEPTEMBER 2, 2026

Vancouver, B.C.

ROOTS OF MEXICO

This course offers a journey to the heart of Mexican identity.

Explore Mexico's pre-Hispanic roots through the splendour of Mesoamerica.

Examine the impact of the Spanish conquest and the rise of colonial cultural blending. Then trace the path to the consolidation of modern Mexico in the 19th century.

This is an essential introduction to understanding who Mexicans are today.

"Four thousand years of history in a single journey"

COURSE OUTLINE

General Goal:

Understand the key historical and cultural processes that shaped present-day Mexico.

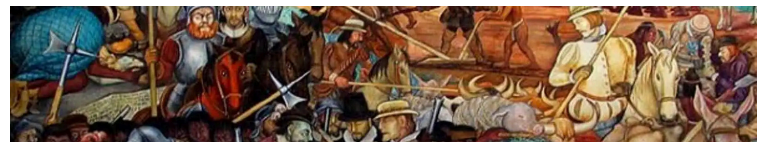

1 The Pre-Hispanic Era. Mesoamerica and the Indigenous world.

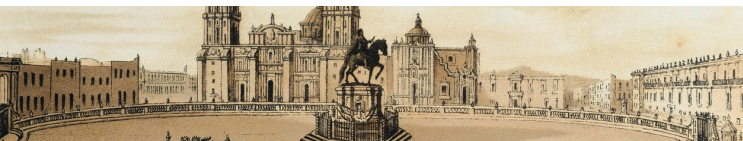

2 The Meeting of Two Worlds: The Conquest.

3 The Viceroyalty of New Spain: Three centuries — the 16th, 17th, and 18th.

4 Independence in the 19th Century: 1810–1850.

5 Independent Mexico in the late 19th century.

6 The First Half of the 20th Century: The Mexican Revolution and its transformations.

7 The Modern Era: The end of the 20th century.

8 Contemporary Mexico: The new order.
